Chris, thanks for your comments and edits to the 21 page inspection report. I've incorporated your changes and adjusted spacing so the 3 signatures appear together on page 2.

Please sign and send the signature page back to me. I'll sign and send it to Katie.

Other minor changes:

- I numbered the tables.
- I added a statement at the closing meeting section consistent with my notes that I wouldn't be able to finish my report until I received records.
- I added a citation for the OOOOa notification requirement for well workover notices.

Attached: Revised Final Draft ready for signature  
Final Draft showing all comments

Sincerely,

John Pavitt, Air Compliance Inspector  
Air and Toxics Enforcement Section  
U.S. EPA Region 10  
Alaska Operations Office  
Anchorage, AK
